2. Have conducted an in-person physical examination of the qualifying patient within the last 90 calendar days. I completed an assessment of the qualifying patient's current medical condition, including symptoms, signs and diagnostic testing, related to the debilitating medical condition I diagnosed or confirmed. I understand the Illinois Department of Public Health may request additional confirmation of the assessment(s) performed for this qualifying patient's debilitating medical conditions.

Initial: _____

3. Have completed an assessment of the qualifying patient's medical history, including the review of medical records from other treating physicians from the previous 12 months. I have established a medical record for the qualifying patient with regard to his/her medical condition and his/her continued treatment for the condition(s) under my care.

I _____ (the physician), hereby certify I am a physician duly licensed to practice medicine in the state of Illinois. It is my professional opinion that the qualifying patient is likely to receive therapeutic or palliative benefit from the use of medical cannabis to treat or alleviate the patient's debilitating medical condition or symptoms of the debilitating medical condition. The qualifying patient has the debilitating medical condition(s) specified, and the patient is under my treatment for the debilitating condition(s) and/or their primary care.
